Snap-on Lights Up the New Year with Innovative Lighting Tools

KENOSHA, Wis. (Jan. 4, 2024) – Snap-on® is lighting up the new year with three new innovative light tools for technicians on the go, the ECARK128 1,200 Lumen Rechargeable Battery Mini Worklight, the ECARL032R 500 Lumen Dual-Sided Mini Flex Light, and the ECPNIO32R 300 Lumen Slim Pocket Light.

The Snap-on® ECARK128 1,200 Lumen Rechargeable Battery Mini Worklight is ideal for prolonged use with a 20-hour run time on low and a three-hour run time on high. It features a 110° pivoting head, hands-free operation with a strong magnet, and a comfortable overmold design. A head cutout ensures user awareness of when the light is on and placed face down, and it offers versatile charging via USB-C or an optional base (the ECRECHRGBASE is sold separately). Perfect for professionals needing dependable, versatile lighting.

The Snap-on® ECARL032R 500 Lumen Dual-Sided Mini Flex Light, with its 270° rotating design and multiple magnets, provides technicians with unparalleled flexibility in lighting difficult-to-reach areas. Offering a bright 500-lumen dual-sided output, individual switches for spotlight and bar lights, and a dimmable switch with memory, this light caters to varying lighting needs. The integrated battery gauge enhances efficiency for technicians on the go.

The Snap-on® ECPNIO32R 300 Lumen Slim Pocket Light is essential for on-the-go technicians and combines a versatile 300 lm flood light and a focused 150 lm spotlight in a thin profile designed to fit easily into a shirt or pants pocket. Each light mode has a dedicated power button, and an auto-dimming feature provides a wide range of brightness options, catering to various work environments. The magnetic base adds hands-free convenience, while its rechargeable nature makes it a practical and eco-friendly choice for professionals seeking compact and adaptable lighting solutions.
