Snap-on® rolls out TPMS4 Software License

KENOSHA, Wis. (July 2, 2019) – Snap-on is introducing a new TPMS4 Software License that gives technicians access to continuous updates through the TPMSconnect Portal. The software keeps the TPMS4 tool current by updating sensor brands, adding vehicle models and new protocols, along with enhanced programmable sensor coverage.

Added current model year new vehicle platform coverage includes BMW®, Chrysler® 300, Honda®, Lexus®, Lincoln®, Mazda®, Mercedes-Benz®, Mitsubishi®, Sprinter®, Subaru® and Toyota®.

Enhanced coverage for sixteen of the most common aftermarket sensors are integrated into the new software including MAX T.O.T.A.L. Gen 1 and Gen 2 Sensors, Alligator® Sens.It®, Schrader® EZ-sensor®, HUF Intellisens UVS and ECS, Hamaton® U-Pro, Mobiletron®, Orange Universal, BWD® Standard QWIK-SENSOR, NAPA QWIK-SENSOR®, Steelman Select, PDQ Programmable, Dynamic Pro-Select and Mobiletron Universal.

Technicians will also be able to look up OEM and aftermarket sensor part numbers as well as TPMS by Dill Valve and Retrofit by Schrader® trailer coverage.

Using a registration code, technicians can download the update through the TPMSconnect portal. The software license is valid for 12 months after purchase.

Find out more about the new TPMS4 Software License, as well as other TPMS tools and products, by contacting your participating Snap-on franchisee or other representative, visiting www.snapon.com or calling toll-free 877-SNAPON-4 (877-762-7664).
