## **Snap-on has new automotive technicians covered with the launch of essential drive train sets**

**KENOSHA, WI (Sept. 28, 2023)** – Snap-on has technicians who are starting their professional automotive careers covered with the launch of two new essential drive general service sets. Both the 1/4" drive set and the 3/8" drive set include 53 of the most essential drive tools technicians will use from day one on the job including metric and SAE sockets in shallow and deep variations, extensions, an adaptor, a universal joint, and a variety of Dual 80® soft-grip ratchets.

Personalizing these sets is easy since they come in four of Snap-on's most popular colors -- red, hi-viz, power blue, and dark titanium. Stored in closed-cell cross-linked foam that resists oils, solvents, and fuels and is easy to clean, they're modular so they can be reconfigured in cart or toolbox drawers to accommodate an expanding tool collection. Since they're designed for maximum tool concentration in the smallest possible footprint, technicians can keep these go-to tools easily accessible for maximum productivity right from the start.

New and existing customers can learn more about the Snap-on® contacting their participating Snap-on franchisee or representative, calling toll free 877-SNAPON-4 (877-762-7664), or visiting [www.snapon.com](http://www.snapon.com)

### **About Snap-on Tools**

2801 80th Street, Kenosha, WI 53141 phone (262) 656-5200

Snap-on Tools is a subsidiary of Snap-on Incorporated, a leading global innovator, manufacturer and marketer of tools, equipment, diagnostics, repair information and systems solutions for professional users performing critical tasks. Products and services include hand and power tools, tool storage, diagnostics software, information and management systems, shop equipment and other solutions for vehicle dealerships and repair centers, as well as for customers in industries, including aviation and aerospace, agriculture, construction, government and military, mining, natural resources, power generation and technical education. Snap-on Tools is one of the largest non-food franchise companies in the world, selling its products and services through franchisee, company-direct, distributor and internet channels. Snap-on Incorporated, which was founded in 1920, is a \$4.5 billion, S&P 500 company located in Kenosha, Wisconsin, with operations throughout the world.
