## Explore Innovative John Bean Products at SEMA 2024

**Conway, AR – Oct. 30, 2024** – Several innovative and productivity-enhancing John Bean® products, including the multi-award-winning Tru-Point™ advanced driver assistance system (ADAS) calibration system, will be on display and available for demonstrations at the 2024 Specialty Equipment Market Association® (SEMA®) show taking place Nov. 5-8 at the Las Vegas Convention Center.

“We are excited to showcase the wide range of high-performing, time-saving John Bean equipment that can help shops of all sizes grow their businesses,” said Mariana Montovaneli, director of marketing for Snap-on Equipment. “From ADAS, to wheel aligners, tire changers, wheel balancers and lifts, John Bean offers unmatched innovation and efficiency. We encourage SEMA show attendees to stop by our booth to see our latest offerings and advancements firsthand and discover how these products can help increase their bottom line.”

*John Bean* will be introducing its new *John Bean* V4400 Commander wheel aligner at the Snap-on® Total Shop Solutions (TSS™ ) booth (#32017). This next-generation wheel aligner is designed to revolutionize shop productivity and flexibility with its innovative features and user-centric design.

*Tru-Point* will be among several products featured at the TSS booth. A one-stop solution for ADAS calibration, [Tru-Point](#) leverages highly accurate advanced camera technology, targets and top-tier software to quickly identify ADAS-specific vehicle alignment issues, enabling precise calibrations.

Also showcased at the TSS booth will be the *John Bean* [T7800](#) leverless all-in-one tire changer, which boasts productivity, reduces technician fatigue and allows rapid mounting and demounting of tires with less risk of wheel damage.

The [B1200P](#) automatic diagnostic wheel balancer will also be available for demonstrations. Engineered for ultimate precision, it helps technicians achieve perfect wheel balancing, making it the ideal choice to enhance productivity and revenue.

For shops that perform alignment services on a wide variety of vehicles, the *John Bean* [14K scissor alignment lift](#) offers unmatched safety and precision. This lift will be available for demonstrations as well.
