SUN Collision to Showcase Auto Body Repair Innovations at SEMA Booth #32017

SAN DIEGO, Calif., Oct. 23, 2024 – Auto collision repair professionals attending this year’s SEMA show, scheduled Nov. 5-8 at the Las Vegas Convention Center, are invited to visit SUN® Collision in the Snap-on® Total Shop Solutions (TSS™) booth #32017 to experience firsthand the latest innovations in auto body repair technology.

The award-winning SUN Collision Repair Information provides easy access to both OEM collision and mechanical repair data through a single login. With on-demand access to current repair specifications and procedures, SUN Collision supports all makes and models, including most electric and hybrid vehicles, and those equipped with Advanced Driver Assistance Systems (ADAS).

“We’re excited to connect with SEMA show attendees and demonstrate how SUN Collision can elevate shop efficiency and future-proof their businesses,” said Chris Bonneau, SUN Collision business manager. “Our software is designed to help shop professionals navigate complex repairs with confidence, so they can get customers’ vehicles back on the road faster in safe operating condition.”

Key Features to Explore:

- **NEW! Shop Management Integration:** Enables shop owners and managers to efficiently manage daily business operations – from estimates through invoices – with the integration of Manager® SE | ShopKey shop management systems.
- **SUN Collision Repair Package:** Simplifies the complex blueprinting process for collision repair estimates, reducing the blueprint research time by up to 50 percent in support of insurance claims.
- **ADAS Quick Links:** Provides fast access to vehicle-specific ADAS information needed for diagnosing, repairing and calibrating complex systems such as sensors, cameras and radar.
- **Interactive Wiring Diagrams:** Offers one-click navigation to component details with hyperlinked connectors, grounds and splices for faster electrical repairs.
- **1Search™ Search Engine:** Delivers highly targeted OEM information in a clutter-free, user-friendly graphical layout, fully optimized for tablet devices.

Everyone who participates in a demonstration with SUN representatives will be entered into a raffle for the chance to win a Samsung Galaxy Android Tablet. In addition, SUN Collision is offering a special discount when purchasing the product at the SEMA show.

SUN Collision provides comprehensive OEM repair information and procedures for body and frame, paint and finish, and materials. The software's database is kept current throughout the year with ongoing updates and repair information for the latest model year vehicles. Subscribers automatically receive new information as it becomes available, giving them the most current repair data to reference.

For more information about SUN Collision, call 877-840-1973 or visit suncollision.com.

ABOUT SUN COLLISION

SUN[®] Collision Repair Information, a brand of Snap-on, Inc., provides complete, accurate OEM data for collision and mechanical repairs that auto body shops can trust to fix any vehicle with maximum efficiency. Powered by its exclusive 1Search Plus search engine, the online software makes it quick and easy to access current repair procedures, diagrams and specifications for all makes, including the majority of Electrical Vehicles on the market and vehicles equipped with Advanced Driver Assistance Systems (ADAS).
