## **New Snap-on® Pliers Racks Provide Optimal Organization for Spring Cleaning or any time of the year**

**KENOSHA, Wis. (May 28, 2024)**—The Snap-on® designed PLRK21, PLRK27, and PLRK30 Pliers Racks are perfect storage solutions for spring cleaning and help keep tools organized throughout the year. These new, American-made storage solutions optimize organization in 21", 27", and 30" sizes. With a range of colors and wide and narrow slots, these racks accommodate both small and large tools and help keep the work area efficient for busy techs.

The PLRK21 has 14 wide slots and four narrow slots, the PLRK27 offers 17 wide slots and six narrow slots, and the PLRK30 features 19 wide slots and seven narrow slots, which provide versatile organization options. The variety of sizes and combinations allows technicians to maximize full-drawer width and depth for pliers storage in the most popular drawers of their Snap-on roll cabs. The plastisol-coated, stamped steel design protects tools and tool storage unit from scratches and eases engagement in the rack.

For more information about the new PLRK pliers racks or other Snap-on tools and products, contact your participating Snap-on franchisee or visit [www.snapon.com](http://www.snapon.com).

### **About Snap-on Tools**

Snap-on Tools is a subsidiary of Snap-on Incorporated, a leading global innovator, manufacturer, and marketer of tools, equipment, diagnostics, repair information and systems solutions for professional users performing critical tasks including those working in vehicle repair, aerospace, the military, natural resources, and manufacturing. From its founding in 1920, Snap-on has been recognized as the mark of the serious and the outward sign of the pride and dignity working men and women take in their professions. Products and services are sold through the company's network of widely recognized franchisee vans, as well as through direct and distributor channels, under a variety of notable brands. The company also provides financing programs to facilitate the sales of its products and to support its franchise business. Snap-on, an S&P 500 company, generated sales of \$4.7 billion in 2023, and is headquartered in Kenosha, Wisconsin.
