## Snap-on TSS Product Innovations on Display at SEMA

**Conway, AR – Oct. 28, 2024** – Award-winning Snap-on<sup>®</sup> Total Shop Solutions (TSS)<sup>™</sup> products and equipment will be on display at the 2024 Specialty Equipment Market Association<sup>®</sup> (SEMA<sup>®</sup>) show held Nov. 5-8 at the Las Vegas Convention Center.

The John Bean<sup>®</sup> [Tru-Point<sup>™</sup>](#) advanced driver assistance system (ADAS) calibration solution, along with other *John Bean* equipment such as lifts, aligners, balancers, and tire changers, will be at the TSS booth (#32017). SEMA<sup>®</sup> participants will have the opportunity to see them in action and learn why *Tru-Point* recently earned a prestigious innovation award.

*John Bean* will also be introducing the new V4400 Commander wheel aligner to the North American market. This next-generation wheel aligner is designed to revolutionize shop productivity and flexibility with its innovative features and user-centric design.

Hofmann<sup>®</sup> service equipment will also be highlighted, including alignment systems, tire changers, wheel balancers, TreadReader<sup>™</sup> and the 15K four-post alignment lift. In addition, the 2400P Armored Series wheel balancer will also be featured at the booth.

Car-O-Liner<sup>®</sup> will present an assortment of advanced collision repair equipment, including bench racks, welders, measuring systems, riveting tools and workstations at the TSS booth. *Car-O-Liner* will also introduce the BenchRack<sup>™</sup> Versa, the latest in-ground innovation in collision repair technology.

In addition, productivity-enhancing products from various TSS brands like Cartec<sup>™</sup> (headlight tester), Challenger Lifts (lifts and mobile columns), Ecotechnics (air conditioning service products) and JOSAM<sup>®</sup> (aligner and frame press) will be featured.

Mitchell 1<sup>™</sup> will be displaying its award-winning software solutions while Pro-Cut<sup>™</sup> (brake lathes), Snap-on Diagnostics (scan tools) and Sun<sup>®</sup> Collision (collision repair information) will also have their products showcased. Many of these products will be available for hands-on demonstrations.

TSS will also have a special heavy-duty section at its booth featuring innovative HD products like mobile columns from Challenger Lifts, a *Hofmann* HD balancer and tire changer, *JOSAM* cam-aligner and frame press, an on-truck brake lathe from *Pro-Cut* and information solutions from *Mitchell 1*.

Several TSS products will be on display at the SEMA new product showcase, including the *John Bean* V4400 and the *Hofmann* 2400P as well as the Snap-on Diagnostics APOLLO+<sup>™</sup> scan tool and the Cartec headlight tester.

“As the leading global provider of innovative and efficient automotive repair solutions, we are excited to showcase the latest advancements from Snap-on TSS brands at SEMA,” said Mariana Montovaneli, director of marketing for Snap-on Equipment. “Our teams work closely with customers to ensure our products enhance their businesses. We invite all SEMA attendees to visit booth #32017 and experience these groundbreaking products in action.”

**About Snap-on Total Shop Solutions**
