JOSAM Sponsors HD Repair Forum

Conway, Ark. – March 25, 2025 – JOSAM® is proud to sponsor the HD Repair Forum, taking place April 2-3 at the Hyatt Regency in Frisco, Texas. The *JOSAM* product team will also be on-site to showcase its latest innovations in heavy-duty equipment, including the *JOSAM* Cam-Aligner and Frame Press.

JOSAM specializes in heavy-duty equipment for wheel alignment and collision repair. Whether a fleet owner, shop owner or service provider for heavy-duty vehicles, *JOSAM* offers solutions tailored to all needs.

The *JOSAM* [Cam-Aligner](#) is ideal for shops seeking to increase profitability through fast truck alignments, whether in the shop or on the road. Meanwhile, the *JOSAM* [Frame Press](#), utilizing I-beams cast into the workshop floor, creates the perfect working area for straightening heavy and light trucks, trailers and buses when combined with the *JOSAM* service pit.

For more information about the HD Repair Forum, visit <https://www.hdrepairforum.com/>.

To explore the full line of *JOSAM* equipment or inquire about becoming a distributor, call 800-225-5786 or visit www.josamna.com.

About JOSAM

JOSAM is a global supplier of collision repair, wheel alignment and induction heating equipment for the truck and bus aftermarket. With over five decades of innovation, *JOSAM* continues to provide premium quality solutions that increase profitability for workshops and fleet owners. *JOSAM* products and services include workshop equipment, software and training for the repair of crash-damaged heavy-duty vehicles and the alignment of all types of heavy-duty vehicles. *JOSAM* is a part of U.S.-based Snap-on Incorporated and is marketed globally. For more information, visit josamna.com.
